Perfecting The Art Of Placemaking

GUOCO TOWER

The Group's first integrated mixed-use project in Singapore, Guoco Tower holds the distinction as the tallest building in the city state. Located above Tanjong Pagar MRT station, the development is a prominent feature of the cityscape with a Grade A office block, 6 levels of premium retail and F&B space, 181 prestigious residential homes and a luxury hotel.

A Celebrated Portfolio Of Distinctive Transformations

GuocoLand has a stellar track record in developing large-scale, integrated mixed-use developments and high-end residential developments. The Group is heavily invested in ambitious undertakings that have rejuvenated districts, shaped communities and transformed cityscapes. A philosophy that has been accredited with numerous awards both locally and internationally.

WALLICH RESIDENCE

Crowning the iconic landmark and ascending 290 metres above sea level is the residential component – Wallich Residence. Comprising 181 luxurious homes in the heart of the Central Business District, distinguished homeowners are treated to the ideal blend of exclusivity and convenience.

GUOCO MIDTOWN

A game-changer and final piece of the jigsaw in the transformation of the Ophir-Rochor Corridor, Guoco Midtown seamlessly connects the 3 office micromarkets of City Hall, Marina Centre and Bugis. Comprising of Grade A offices, 2 exclusive residences, public and retail spaces, and the conserved former Beach Road Police Station, the integrated mixed-use development is an apposite response to new urban lifestyles that require effortless transitions between living, working and entertaining.

MIDTOWN MODERN

As one of the residential components, Midtown Modern houses 558 luxurious garden homes nestled in the serenity of 10 thematic gardens and a 1-hectare landscape within the integrated development of Guoco Midtown. Midtown Modern has two 30-storey towers, is well-served by a retail podium, and is directly linked to Bugis MRT interchange station which runs along both the East-West Line (EWL) and Downtown Line (DTL).

MIDTOWN BAY

Exclusive, yet connected.
The other residential component of Guoco Midtown is Midtown Bay – A discerning collection of 219 elegant units perched above the buzz of city life.

“

Lentor Modern will lead the new wave of transformation at Lentor Estate, adding unprecedented vibrancy and modern conveniences to a lush residential enclave embraced by nature.

”

The Art Of Modernity

How do you balance the demands of a cosmopolitan world while respecting nature enough for it to flourish? Such is the conundrum facing the lush Lentor Estate – a tranquil neighbourhood home to landed dwellings.

GuocoLand brings its signature expertise in transit-oriented mixed-use developments from central Singapore to the Lentor area, spearheading the transformation of the neighbourhood while paving the way for accessibility to quintessential lifestyle conveniences.

Directly connected to Lentor MRT station which links up with key landmarks including Orchard Road, Marina Bay, Central Business District, and East Coast, the integrated mixed-use development will feature three 25-storey towers housing 605 residential units. Complemented by a splendid collection of stream-inspired facilities that pays homage to the Lentor Forest and its streams, Lentor Modern will also house a much-welcomed range of F&B and retail options, including a supermarket and a childcare centre.

Flora thrives in the nearby nature parks such as Thomson Nature Park, Lower Seletar Reservoir Park and Lower Peirce Reservoir Park. Further supplementing the verdancy will be the future Hillock Park and Linear Park, both just a stone's throw from the development.

Some may say nothing can be perfect. Lentor Modern on the other hand, strikes quite the perfect balance between Mother Nature, the built environment and its community.

Integrated Convenience Transforming Lentor

Amidst the tranquility of a landed estate, discover modern conveniences of over 96,000 sq ft of commercial, retail and F&B options including a 12,000 sq ft supermarket and a 10,000 sq ft childcare centre right at home.

Homage To Lentor

Lentor Modern is more than just a home for the discerning. It is a homage to the original Lentor Forest and its meandering streams. Memories of which are preserved and embodied in the development's stream-inspired landscaping and facilities.

THE LENTOR STREAM

Inspiring the convergence of all aspects of life into one new community.

A Winding Stream Party

Inspired by an ancient tradition where people converge along a stream to interact, make merry, and compose poems, Lentor Modern replicates the fostering of a community through an unperturbed flow of stream-inspired facilities and salubrious experiences. This is where a sense of belonging is forged, the brilliance of the human mind is celebrated, and relationships between man and the environment can flourish.
