LENTORIA

INSIDE FRONT COVER
die-cut

taking lush living to new heights

Inspired by private park homes, Lentoria is a breathtaking paradisaal retreat from the hustle and bustle of modern urban living, nestled in Lentor Hills. Copiously landscaped with luscious verdant gardens, glistening water features and gently cascading hills, the boundary of park and home blurs beautifully here. Welcome to where your dream park home on a hill meets your heart's desire for modern luxuries.

Envisioned as modern tropical residences, Lentoria is home to 267 premium units set amidst green serenity and curated facilities. The beauty of nature and the tranquility of a hillside park seamlessly integrate with the landscaped homes of Lentoria to pamper the body, heart and mind.

where
the boundary of
park and home
blurs stunningly

inspired by nature in harmony

Lentoria epitomises perfect harmony in design. The Grand Arrival's cascading organic curves reinforce the concept of the hill, creating a seamless integration between the development and its surroundings.

The pristine and untouched Upper Peirce Reservoir with its nature reserve becomes the inspiration for Lentoria's landscaping, where pools and water features weave and connect the residential towers, facilities and garden park spaces together.

Through the interplay of flowing vertical elements, the façade design of the residential towers emulates the organic cascades of a charming French hill town.

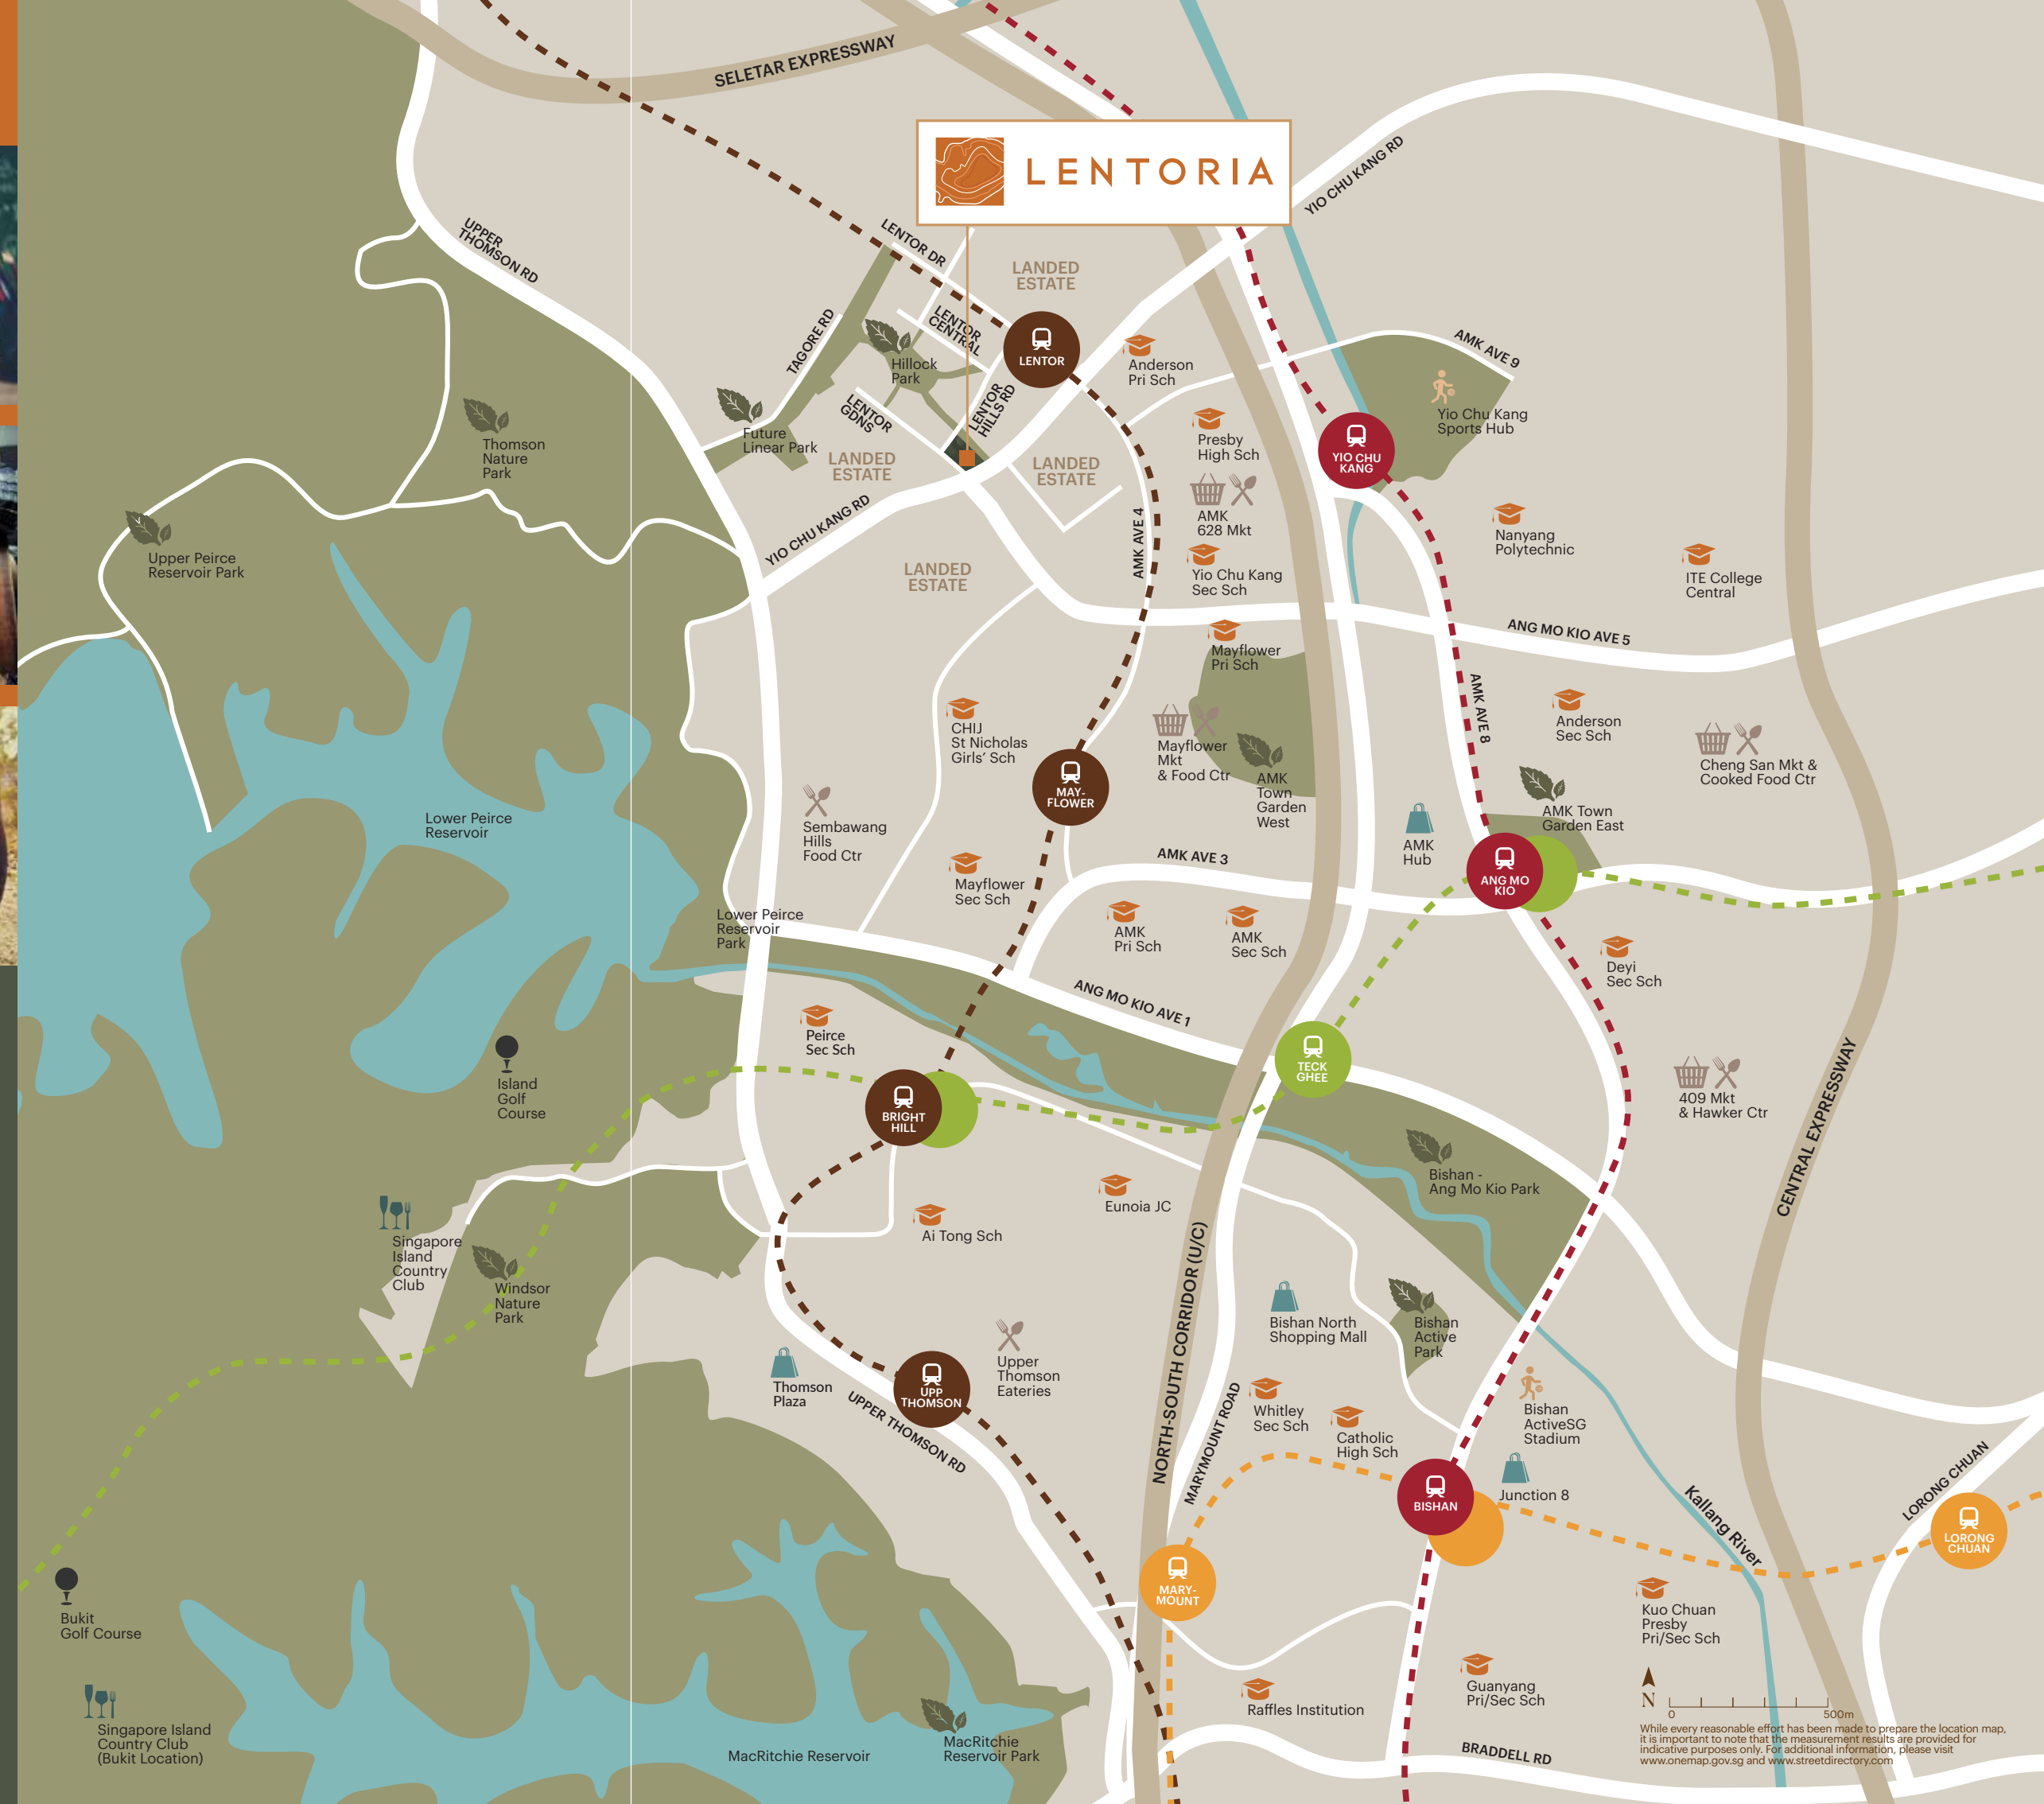

a majestic sense
of arrival

An awe-inspiring welcome awaits you and your guests at
the Grand Arrival. Be transported into a terraced palm garden
set to the soothing sounds of cascading water.

Artist's Impression

For families with school-going children, the renowned CHIJ St. Nicholas Girls' School and Anderson Primary School are within a 1km hop and skip away.

every space is
a much-desired
sanctuary

site plan

Delight in a one-of-a-kind Botanical Collection Garden Trail which traces the development's hilly contour. Along the 350m trail, discover rich garden varieties on morning jogs or sunset strolls.

lose and find
yourself in the
lush oasis

Artist's Impression

Artist's Impression

Artist's Impression

Revel in a symphony of rustling leaves and a running stream at the Musical Forest. Your little ones can also enjoy nature's therapeutic benefits at the Bowling Lawn and Maze Garden (fur kids can play leash-free here too), as you work out at the Forest Fitness stations.

Artist's Impression

Soak in the Lush Oasis, featuring a stunning 50-metre lap pool with poolside amenities and a hydrotherapy spa, as well as an artistically waterscaped wading pool. Or work up a sweat at the gym which overlooks the pool and garden.

be in the
good company of
joy and laughter

Get-togethers become even more priceless when spaces are designed to connect. Two lavishly sized function rooms can be combined to create an enlarged party space. A sizable poolside BBQ pavilion with a waterlily garden is a picture-perfect setting for big gatherings. For more cosy company, take to the smaller BBQ pavilion or choose to indulge in the hydrotherapy spa.

site plan

step up into your sky park

The lusciously landscaped Sky Terrace perched on Level 14 cradles a hive of spaces to foster a vibrant community.

Level 14

Sky Terrace

specifications

1.

Foundation

Reinforced concrete piles and/or footings and/or raft foundation.
2.

Superstructure

Precast and/or cast-in-situ reinforced concrete structure and/or steel structure.
3.

Walls

a.

Basement Wall

Cast-In-situ contiguous bored pile with waterproofing concrete skin wall

b.

External Wall

In-situ and/or precast reinforced concrete wall and/or masonry wall and/or concrete panels and/or window system and/or aluminium cladding, where applicable.

c.

Internal Wall

Reinforced concrete wall and/or masonry wall and/or lightweight concrete panels and/or pre-cast wall panels and/or drywall partition system
4.

Roof

a.

Flat roof

Reinforced concrete roof with appropriate insulation and waterproofing system.

b.

Metal roof

Metal roof with appropriate insulation.
5.

a.

Wall:

i.

Apartment Unit – Internal (finishes provided up to false ceiling level and exposed areas only)

1.

Plaster and/or skim coat with emulsion paint to Living, Dining, Bedrooms, Passageway, Kitchen, Yard, Utility, Study, where applicable.

2.

Homogeneous and/or porcelain ceramic tiles to Bathroom, WC, where applicable.

ii.

Apartment Unit – External

1.

Plaster and/or skim coat with emulsion paint and/or spray textured coating to Balcony, PES, AC Ledge, where applicable.

2.

Aluminium framed glass railing to Balcony and PES, where applicable.

3.

Aluminium railings and/or mild steel railing in paint finish to AC Ledge, where applicable.

iii.

Common Area – Internal

1.

Homogenous and/or ceramic and/or porcelain tiles and/or plaster and/or laminated panelling and/or mirror panel to Passageways, Garden Lounge, Forest Lounge, Gym, Yoga Studio and Lift Lobbies, where applicable.

2.

Homogenous and/or ceramic and/or porcelain to changing rooms, toilets and accessible toilet.

3.

Plaster and/or skim coat with emulsion paint to walls, staircase, carpark and driveway.

iv.

Common Area – External

1.

Stone and/or Homogenous and/or ceramic and/or porcelain tiles and/or plaster and/or skim coat with emulsion paint and/or spray textured coating and/or granolithic wash to walls, where applicable.

2.

Textured paint and/or granolithic wash to 1st storey planter walls and/or retaining walls, where applicable.

3.

Homogeneous tiles and/ or stone with stone coping to 14th storey planter walls, where applicable.

4.

Patterned homogeneous tiles and/or stone cladding and/or off-form relief panels to feature walls for 1st and 14th storey.

5.

Corten steel look alike perforated panels & cladding to 1st storey pool feature wall.

6.

Stone and/or homogenous and/or pebble wash finish and/or loose pebbles and/or lava stones to water wall feature, where applicable.

7.

Textured paint and/or granolithic wash to all doghouse structure, where applicable.

8.

Homogeneous tiles and/or stone to all BBQ counters wall and surfaces, where applicable.

9.

Painted and/or powder coated mild steel to all boundary fences and external gates, where applicable.

10.

Textured paint and/or stone surface and/or metal cladding to boundary walls and signage walls, where applicable.

b.

Floor:

i.

Apartment Unit

1.

Homogenous and/or Porcelain and/or ceramic tiles with matching tile skirting to Living, Dining, Kitchen, Passageway, Balcony, PES, Utility, Yard, Study, where applicable.

2.

Porcelain and/or ceramic tiles to Bathroom, WC, where applicable.

3.

Vinyl flooring with matching skirting to all Bedrooms, where applicable.

4.

Cement sand screed to Aircon Ledge, where applicable.

ii.

Common Area – Internal

1.

Homogeneous and/or ceramic and/or porcelain tiles to corridor, where applicable.

2.

Stone and/or vinyl flooring and/or homogenous and/or ceramic and/or porcelain tiles with matching skirting to Garden Lounge and Forest Lounge.

3.

Vinyl flooring and/or carpet and/or sports grade flooring to Gym and Yoga Studio.

4.

Homogeneous and/or ceramic and/or porcelain tiles to Changing rooms, Clubhouse Toilets, Steam rooms and Clubhouse Accessible Toilet.

iii.

Common Area – External

1.

Timber tile and/or stone and/or homogenous tiles and/or marble look alike tiles and/or reconstituted stone tiles and/or pebble wash finishes to all external flooring on 1st storey including drop off area and 14th storey sky terrace, where applicable.

2.

Mosaic tiles and/or stone tiles with stone coping and drain covers to Swimming Pools and Jacuzzis, where applicable.

3.

Stone and/or homogenous tiles and/or pebble wash and/or timber tile to all external pavilion surfaces, where applicable.

4.

EPDM mulch and/or EPDM with artificial turf to flooring to children’s playground, where applicable.

5.

EPDM mulch flooring and/or homogeneous tile flooring to fitness area, where applicable.

6.

Stone and/or homogeneous tiles with stone coping to all water feature surfaces, where applicable.

7.

Granolithic wash and/or homogeneous tiles to all manhole covers and drain covers, where applicable.

7.

Windows

a.

Aluminium framed windows with restrictors where applicable with tinted and/or clear and/or frosted and/or coated and/or obscured and/or fritted glass, where applicable.

b.

All glazing up to 1.0m from finished floor level shall be in laminated glass.

8.

Doors

i.

Approved fire-rated timber doors and digital lock set to unit main entrance.

ii.

Hollow core timber door to Bedroom, Bathrooms, where applicable.

iii.

Timber sliding door with glass infill panel to Kitchen, where applicable.

iv.

Aluminium framed slide and swing door to Yard, WC, Utility, where applicable.

v.

Aluminium framed glass sliding door with restrictors where applicable to Balcony, PES, where applicable.

vi.

Locksets and ironmongery will be provided to all doors.

9. Sanitary Fittings		
(a)	Master Bath / Junior Master Bath	1 solid surface vanity top with 1 wash basin with basin mixer, 1 mirror, 2 robe hook, 1 shower compartment with 1 shower mixer, 1 hand shower and 1 overhead rain shower, 1 water closet with manual bidet seat cover, 1 toilet paper holder and 1 shower ledge
(b)	Common Bathroom (where applicable)	1 solid surface vanity top with 1 wash basin with basin mixer, 1 mirror, 2 robe hook, 1 shower compartment with 1 shower mixer and hand shower, 1 water closet, 1 bidet spray, 1 toilet paper holder and 1 shower ledge
(c)	WC (where applicable)	1 wash basin with tap, 1 shower tap with hand shower, 1 water closet and 1 toilet paper holder
(d)	PES / Balcony	1 bib tap
(d)	Kitchen / Yard (where applicable)	1 bib tap for washer

10.

Electrical Installation

a.

Wiring for lighting and power shall be in concealed conduits where possible except for spaces within DB closet, cabinets, areas above false ceilings, wardrobes or kitchen cabinets, which will be in exposed conduits and/or trunking.

b.

All electrical wirings shall be in accordance with Singapore Code of Practice SS 638.

c.

Refer to “18. Electrical Schedule”.

11.

Cable Services/Data/Telephone Points

a.

All wiring in concealed conduit wherever possible except for wiring above false ceiling.

b.

Data point in Category 6 (Cat6) cable provided to Living and all bedrooms and terminated in patch panel in DB closet.

c.

Refer to “18. Electrical Schedule”.

12.

Lightning Protection

Lightning Protection System shall be provided in accordance with Singapore Standard.

13.

Painting

a.

External Walls: External emulsion paint and/or textured coating

b.

Internal Walls: Emulsion Paint

14.

Waterproofing

a.

Apartment Unit

i.

Waterproofing to floor of Bathroom, Kitchen, Balcony, WC, Utility, PES, where applicable.

ii.

Waterproofing to walls of shower compartment.

b.

Common Area

i.

Waterproofing to RC flat roof, swimming pool, kid’s pool, Jacuzzis, changing rooms, toilets, shower, accessible toilets, steam room, water features and landscape areas, where applicable.

15.

Driveway and Carpark

a.

Reinforced concrete slab with floor hardener and/or epoxy coating at driveway, ramp and parking lots of basement carpark.

b.

Reinforced concrete slab with homogenous and/or ceramic and/or porcelain tiles and/or stone and/or interlocking concrete paving to surface driveway and drop off areas.

c.

Reinforced concrete slab and/or grass cells system to surface driveway, fire engine accessway, where applicable.

d.

Reinforced concrete slab with granolithic wash finish to fire engine accessway, where applicable.

Notes to Specifications

A. Marble/Compressed Marble/Limestone/Granite

Marble/compressed marble/limestone/granite are natural stone materials containing veins with tonality differences. There will be colour and markings caused by their complex mineral composition and incorporated impurities. While such materials can be pre-selected before installation, this non-conformity in the marble/compressed marble/limestone/granite as well as non-uniformity between pieces cannot be totally avoided. Granite tiles are pre-polished before laying and care has been taken for their installation. However, granite, being a much harder material than marble, cannot be re-polished after installation. Hence, some differences may be felt at the joints. Subject to clause 14.3, the tonality and pattern of the marble, limestone or granite selected and installed shall be subject to availability.

B. Timber strips

Timber strips are natural materials containing veins and tonal differences. Thus, it is not possible to achieve total consistency of colour and grain in their selection and installation. Timber strips are also subject to thermal expansion and contraction beyond the control of the builder and the Vendor. Natural timber that is used outdoors will become bleached due to sunlight and rain. Thus, the cycle of maintenance on staining will need to be increased as required. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17.

C. Air-conditioning system

To ensure good working condition of the air-conditioning system, the system has to be maintained and cleaned on a regular basis by the Purchaser. This includes the cleaning of filters, clearing of condensate pipes and charging of gas. The Purchaser is advised to engage his own contractor to service the air-conditioning system regularly.

D. Television and/or Internet Access

The Purchaser is liable to pay annual fee, subscription fee and such other fees to the television and/or internet service providers or any other relevant party or any relevant authorities. The Vendor is not responsible to make arrangements with any of the said parties for the service connection for their respective channels and/or internet access.

E. Materials, Fittings, Equipment, Finishes, Installations and Appliances

Subject to clause 14.3, the brand, colour and model as specified for all materials, fittings, equipment, finishes, installations and appliances to be supplied shall be provided subject to the Architect's selection and market availability.

F. Layout/Location of Fan Coil Units, Electrical Points, Telecommunication Points, Door Swing Positions and Plaster Ceiling Boards

Layout/Location of fan coil units, electrical points, telecommunication points, door swing positions and plaster ceiling boards are subject to the Architect's final decision and design.

G. Warranties

Where warranties are given by the manufacturers and/or contractors and/or suppliers of any of the equipment and/or appliances installed by the Vendor at the Unit, the Vendor will assign to the Purchaser such warranties at the time when vacant possession of the Unit is delivered to the Purchaser. Notwithstanding this assignment, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17.

H. Web Portal of the Housing Project

The Purchaser will have to pay annual fee, subscription fee or any such fee to the service provider of the Web Portal of the Housing Project as may be appointed by the Vendor or the Management Corporation when it is formed.

I. False Ceiling

The false ceiling space provision allows for the optimal function and installation of M&E services. Access panels are allocated for ease of maintenance access to concealed M&E equipment for regular cleaning purposes. Where removal of equipment is needed, ceiling works will be required. Location of false ceiling is subject to the Architect's sole discretion and final design.

J. Glass

Glass is manufactured material that is not 100% pure. Invisible nickel sulphide impurities may cause spontaneous glass breakage, which may occur in all glass by all manufacturers. The Purchaser is recommended to take up home insurance covering glass breakage to cover this possible event. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clauses 9 and 17.

K. Laminated Flooring

Laminated flooring is manufactured material which contains tonality differences to match natural wood finish. Thus, it is not possible to achieve total consistency of colour and grain in its selection and installation. Laminated floors are installed in modular planks and are subject to thermal expansion and contraction beyond the control of the builder and the Vendor. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and clause 17.

L. Mechanical Ventilation System

Mechanical ventilation fans and ductings are provided to toilets which are not naturally ventilated.

To ensure good working condition of the mechanical ventilation system, the mechanical ventilation system for the exhaust system within internal toilets (where applicable) is to be maintained by the Purchaser on a regular basis.

M. Prefabricated Bathroom Units

Certain bathroom and W.C. may be prefabricated construction and all penetrations are sealed at manufacturer's factory prior to installation on site. Any subsequent penetrations are not recommended as they will compromise the waterproofing warranty. Any hacking, repairing and drilling within bathroom must be in accordance to the manufacturer's manual book.

N. Wall

All wall finishes shall be terminated at false ceiling level. There will be no tiles/stone works behind kitchen cabinets/vanity cabinet/mirror.

O. Tiles

Selected tile sizes and tile surface flatness cannot be perfect, and subject to acceptable range described in Singapore Standards SS483:2000. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and clause 17 of Sale and Purchase Agreement

P. Wireless Internet Connection at Communal Area

Wireless internet connection provision at designated communal areas such as common area, E- deck, sky terrace, Garden Lounge, Forest Lounge, subject to subscription of service by the Management Corporation with the relevant internet service provider.

Q. Ceiling

For hanging of heavy equipment or device on ceiling, owner shall engage professional structural engineer for verification of the mounting loading and mounting location and do necessary strengthening if required.

R. Home Fire Alarm Device (HFAD)

Home Fire Alarm Device (HFAD) is provided to each residential unit as per compliance to the local authority requirement. To ensure good working condition, the HFAD has to be maintained and cleaned periodically by the Purchaser as per the manufacturer's instructions/user guide.

S. Compressed Quartz

Compressed Quartz stone is an engineered stone surface that comprises of natural extract from the earth. The pigmentation found in these natural extracts sometimes varies and as a result, the final products are subjected to variations in colour and vein pattern. Like most materials, excessive force, high point loads, pressure or heat may cause thermal shock, discoloration or damage to the surface. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and 17 of the Sale and Purchase Agreement.

T. Engineered Stone

Engineered Stone is a surface that comprises of natural extract from the earth. The pigmentation found in these natural extracts sometimes varies and as a result, the final products are subjected to variations in colour and vein pattern. Like most materials, excessive force, high point loads, pressure or heat may cause thermal shock, discoloration or damage to the surface. Notwithstanding this note, the Vendor shall remain fully responsible for the performance of its obligations under clause 9 and 17 of the Sale and Purchase Agreement

U. Ceiling fan

One complimentary ceiling fan is provided in the living room of each unit to improve thermal comfort. It is part of our sustainability initiatives to achieve Green Mark Platinum Super Low Energy award. Natural ventilation and fans can reduce the demand on air conditioning, which in turn reduces demand on electricity. A ceiling fan can also help to achieve thermal comfort in a higher temperature air-conditioning environment. However, homeowners may choose to opt out of this sustainability initiative by indicating in the S&P form.

TID

Established in 1972, TID Pte. Ltd. is a joint venture between property developers, Hong Leong Group and Mitsui Fudosan, weaving a unique combination of Singaporean-Japanese talents and management styles to drive excellence in real estate developments. In collaboration with partners, TID Pte. Ltd. has successfully executed a total of 36 residential projects, including a diverse portfolio of commercial, industrial and hotel properties.

TID Pte. Ltd. stands at the forefront of the built industry, embracing smart architecture design and construction, and was the first in Asia to pioneer the PPVC approach (Prefabricated Prefinished Volumetric Construction) at Brownstone Executive Condominium.

With a notable residential track record, it has always set its sights on innovative design, construction safety and delivered well-located quality projects such as Nathan Suites and Optima @ Tanah Merah; and together with our partners, The Oceanfront @ Sentosa Cove, Forest Woods, The Jovell and Piermont Grand Executive Condominium.

Going forward, TID Pte. Ltd. remains committed to developing and delivering quality real estate projects, such as the highly successful One-North Eden and the much-anticipated Lentoria.

Joint Venture Partners

Hong Leong Holdings Limited

Hong Leong Holdings Limited (HLHL) was founded in 1968 as the private property development and investment arm of one of Asia's largest and most successful diversified conglomerate Hong Leong Group, headquartered in Singapore.

Built on a strong reputation, HLHL is an established and trusted developer that takes pride in being responsible for some of the most recognisable and iconic developments in Singapore.

It continues to pursue higher standards in its developments while maintaining its distinct levels in design, sustainability and customer service.

Mitsui Fudosan

One of Japan's largest global real estate companies and integrated real estate developers, Mitsui Fudosan has supplied over 230,000 residential units (including Joint-Venture projects) and over 3.3 million sqm (35.5 million sqf) of office leased floor space in Japan. The company's consolidated annual sales in 2022 is about S\$21 billion.

Since its incorporation in 1941, Mitsui Fudosan has engaged in the development and management of office buildings, residences, retail facilities, logistics, hotels and resorts. Some of its recent iconic projects include Miyashita Park and Tokyo Midtown Yaesu. Mitsui Fudosan has been expanding its business overseas, such as 50 Hudson Yards in New York, the Halekulani Hotel in Hawaii and our retail facilities in Taiwan and Malaysia.

A joint venture between

from the developer of inspired homes

Nathan Suites

Nathan Suites’ unique facade wing design draws inspiration from the powerful flight of birds as the balcony’s shape gradually rotates as the tower rises 24 floors into the sky. As an oasis of tranquility, it boasts of all the modern amenities. Located in the prestigious District 10, its close proximity to Orchard Road and swanky shopping malls accords residents endless vibrancy and pride of location.

The Oceanfront @ Sentosa Cove

Standing visibly as an iconic waterfront landmark on Sentosa island, The Oceanfront offers stunning waterfront living at its best. Its desirable address by the water side is an inviting sanctuary from the hustle and bustle of Singapore. Lush greenery, pristine waters and an exclusive marina pamper in this private resort-living enclave.

One-North Eden

ONE is a stunning new edition within the vibrant research and business hub of one-north. It is 5 minutes’ walk to Buona Vista and one-north MRT stations. The mixed-use development features 165 units of thoughtfully designed 1 to 4 bedrooms with sleek, nature-inspired architectural designs and exquisite fittings. Expect only the best at this ONE-of-a-kind integrated work-live-play-learn paradise.
